

DOG COLLAR DRIVE!

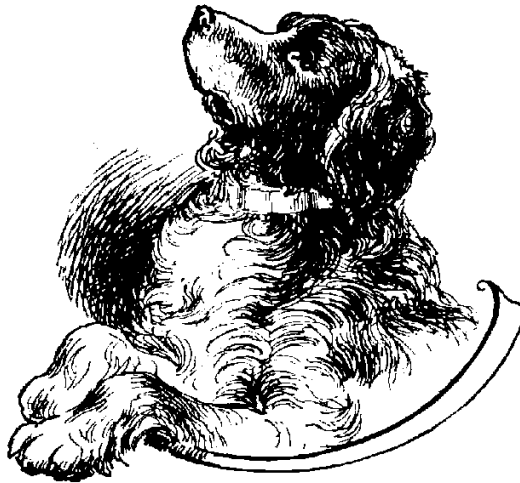

If you happen to have any gently used dog collars or leashes, please consider donating them to the "Dog Collar Drive!" These donated collars and leashes will be used on rescue dogs leaving shelters going to legitimate rescues all over the country...

These dogs have NOTHING when they leave the shelter. A collar and leash is imperative when they have to travel several hundred miles to their rescue group in order to get a "new leash on life."

I am a Volunteer All-Breed Rescue Coordinator in this area. I know of several *rural shelters* who are in desperate need of these collars and leashes. It is my plan to collect and distribute these items to those facilities that need them the most.

Please mention this to your friends, neighbors or co-workers :o)

Thanks in advance and Happy Tails to you!
