BAY AREA BACKPACK FUND RAISER @ RUBY TUESDAY

Bay Area Food Bank provides food insecure children with weekend meals through our Backpack Program. For a school to participate in the program it must have 50% or more of its students on free or reduced lunch. Each bag contains a variety of easy to prepare kid friendly items like: cereal, oatmeal, macaroni and cheese, granola bars, animal crackers, etc. Each bag contains 6 meals (2 breakfast, 2 lunches, 2 dinners and 2 snacks) the cost of each bag is \$3.50. To feed a child for the school year (36 weeks) the cost is \$126. Teachers identify students with chronic signs of hunger at the beginning of the year. These children receive the prepackaged bags in their own backpacks every Friday. The program is anonymous only the teachers know who is participating.

The Backpack Program is not federally funded. It relies solely on sponsors, donations and grants.

If a school is unsponsored the children who qualify for the program may not receive their weekend meals if funding is not available. There are currently 80 unsponsored children in Santa Rosa County. Hunger is all too real in our community. Over 8,000 children in Santa Rosa County do not know where their next meal is coming from. Without adequate nutrition children cannot learn and thrive. Many of the children that participate in the Backpack Program rely on the meals they receive at school as their primary source of nutrition. The Backpack Program helps to fill the hunger gap while they are out of school.

Ruby Tuesday's has accepted the Backpack Program as a Give Back Charity. When you bring in the attached flyer to participating locations (located on the bottom of the flyer) on the specified dates Ruby Tuesday's will donate 20% of the patron's bill to the Bay Area Food Bank's Backpack Program. Below are the participating locations and dates. Please pass this flyer along. SAFER BOARD MEETING

SAFER will hold a board meeting at 11am on the 21st of November at the United Way office in Milton. Topic will be the December visit by the Safe Communities evaluators in December, developing an agenda, and ensuring we have the capital to fully fund the visit. Additional topics will include April's annual meeting, elections, by-law changes, and the future direction of SAFER. All SAFER members are welcome to observe the meeting as space permits.

STOP ADULT FINANCIAL EXPLOITATION

Operation SAFE
Flyer - General.pdf

There will be a workshop on January 28, 2014 for seniors regarding stopping adult financial exploitation. It will deal with spotting a scam, outsmarting con artists, avoiding ID Theft etc. It will be held at the Santa Rosa County Auditorium, 4530 Spikes Way, Milton, FL. from 10 – 11:30 a.m. This is at no charge to the attendees. Please see the flyer above

SANTA ROSA COUNTY TOBACCO-FREE SUB-COMMITTEES AND TOBACCO-FREE COALITION TO MEET DECEMBER 5

The Santa Rosa County Tobacco-Free Coalition Sub-Committee on Smoke-Free Housing will meet at 3:00 p.m. on Thursday, December 5, in the main conference room of the Florida Department of Health in Santa Rosa County (DOH-Santa Rosa), 5527 Stewart Street in Milton. The Sub-Committee on Smoke-Free Business will meet at 3:30 p.m., followed by the Tobacco-Free Coalition meeting at 4:00 p.m.

The Santa Rosa County Tobacco-Free Coalition began in September 2008 as a partnership of community members and agencies working together with a mission to reduce the prevalence of tobacco use and provide education on the dangers of tobacco abuse among children and adults. Members include the Florida Department of Health in Santa Rosa County; Healthy Start of Santa Rosa County; Women, Infant and Children Program (WIC); The Center for Total Women's Health; Community Drug and Alcohol Council; West Florida Area Health Education Center; Covenant Hospice; Safe Haven; Santa Rosa County School District; Santa Rosa County Sheriff's Office; Santa Rosa County School Health Program; Santa Rosa Pediatrics; University of West Florida; Students Working Against Tobacco (SWAT) and AIDS Healthcare Foundation. Any interested citizens or community groups are encouraged to attend the meeting and join the coalition.

For more information, contact Vince Nguyen, tobacco prevention specialist with the Florida Department of Health in Santa Rosa County, at 850-983-5200, ext. 142.

LOCAL TEEN LEADS STATEWIDE MOVEMENT AGAINST TOBACCO

Magi Linscott of Santa Rosa County Named Youth Advocacy Board Member
Students Working Against Tobacco (SWAT), the statewide youth-led movement, has announced new members for its Youth Advocacy Board. Magi Linscott, a student at Milton High School in Santa Rosa County, was named as Vice Chair.

The Youth Advocacy Board works in collaboration with the Florida Department of Health's Bureau of Tobacco Free Florida to determine the direction and scope of both the SWAT organization and the youth tobacco prevention component of the statewide campaign. They also work with grantees on a county level to support policy efforts that denormalize tobacco use.

The mission of SWAT is to mobilize, educate and equip Florida youth to stand up against and de-glamorize the use of tobacco. They are a united movement of empowered youth working towards a tobacco-free future. Through their efforts, they will shape tobacco-free norms, making tobacco less desirable, less acceptable and less accessible.

"With youth being targeted now more than ever with flavored tobacco products, youth leadership on the tobacco-control front is essential," said Magi Linscott. "I am so excited that I have the opportunity to help lead Florida's youth anti-industry movement."

The members of SWAT's newly elected Youth Advocacy Board include: Melissa Boyles, Flagler County; Shirley Castillo, Seminole County; Aser Civilus, Clay County; Joshua Davis, Broward County; Amber Headley, Sarasota County; Maria Hernandez, Hendry County; Edward Leonard, Miami-Dade County; Magi Linscott, Santa Rosa County; Paola Lugo, Polk County; Emily Manis, Levy County; Julia Osagie, Leon County; MyKenzie Robertson, Pasco County; Olivia Rodriguez, Okaloosa County; Grace Rudolph, Pinellas County; and Jessica Young, Washington County.

"Youth advocates play a key role in changing perceptions about tobacco in our state," said Tobacco Free Florida Bureau Chief Shannon Hughes. "These ambitious students have the energy, passion and knowledge to create positive change and influence both their peers and the community as a whole."

Members of the SWAT Youth Advocacy Board will serve a term through June 30, 2014.

ABOUT TOBACCO FREE FLORIDA

DOH's Tobacco Free Florida campaign is a statewide cessation and prevention campaign funded by Florida's tobacco settlement fund.

Tobacco users interested in quitting are encouraged to use one of the state's three ways to quit. To learn about Tobacco Free Florida and the state's free quit resources, visit www.tobaccofreeflorida.com or follow the campaign on Facebook at www.facebook.com/TobaccoFreeFlorida or Twitter at www.twitter.com/tobaccofreefla.

DOH works to protect, promote and improve the health of all people in Florida through integrated state, county and community efforts.

RING THE ALARM

As the holiday season approaches, it's a good time to review [fire safety techniques](#) with your family including how to safely put out fires using a portable fire extinguisher. These extinguishers are a valuable resource for immediate use on small fires. Before you consider using an extinguisher there are some very important details to remember:

- The [U. S. Fire Administration recommends](#) only those trained in the proper use and maintenance of fire extinguishers consider using them when appropriate! Contact your local fire department for training in your area.
- The [type of fire extinguisher](#) you use should match the type of fire. Most extinguishers display symbols to show the kind of fire on which they can be used.
- If you do not think you would be able to safely put the fire out in five seconds using an extinguisher, do not attempt to use it! Leave the area and call 911.

Should you need to use a fire extinguisher, follow the PASS method.

Learn more about fire safety and how to properly extinguish fires with FEMA's preparedness activity module, [Putting Out Fires](#).

Seasonal flu vaccine protects against strains of the illness most commonly circulating. It takes about two weeks after vaccination for the body to develop the antibodies that protect against the flu. The 2013-2014 vaccine offers protection against four types of flu, two Type A and two Type B. In addition to the flu shot, the Florida Department of Health in Santa Rosa County recommends these precautions:

- Wash hands frequently using soap and warm water. If soap and water are not available, use an alcohol based hand sanitizer.
- Cover coughs and sneezes. Cough or sneeze into a disposable tissue and throw the tissue away after use, or cough or sneeze into your elbow or sleeve.
- Stay home if you are experiencing flu like symptoms, such as fever, cough, sore throat, headache and muscle aches, and keep children with symptoms home from school or day care, until fever free for at least 24 hours without the use of fever reducing medication, except to seek medical care.

For more information about the flu and flu vaccines, visit the Centers for Disease Control (CDC) website at <http://www.cdc.gov/flu/keyfacts.htm>.

Use of barricades policy: Free to parades and other events in Santa Rosa County that are sponsored by a chambers or government entities (Christmas parades, Mardi Gras, 4th of July etc...) or non profits, that are hosting events that are free and open to the public. The user is responsible for transportation of barricades, AND banners advertizing sponsors MUST be put on barricades. Others wanting to use the barricades must provide transportation and rent barricades at a cost of \$5 per barricade. Additional fees may be applicable if barricades are not returned within 7 days of pick up/delivery. Barricades will cost \$8 each if delivery is required. Average rental price for barricades is \$9-\$13 each through other vendors. SAFER barricades are a bargain.

OPPORTUNITIES

OPERATION POPULATION PROTECTION – A COMMUNITY ENGAGEMENT (ACTIVE SHOOTER) WORKPLACE EXERCISE

If ensuring your workplace is ready to survive an active shooter incident is important to you please read on or forward this information to others who would.

The possibility of an armed assault occurring anywhere in the United States is a real one. While local law enforcement will focus on subduing the gunman, it will be up to workplace management and staff where the incident occurred to work through the myriad of challenges associated with responding to and recovering from such an event.

So what should you do?

For starters, you are encouraged to participate in the Operation Population Protection Workplace Exercise - scheduled for November 20, 2013. This unique exercise will provide an opportunity for management and staff from your workplace to become better prepared for an active shooter incident while simultaneously assessing current workplace plans for such an event.

There is **NO CHARGE** to participate in this unique workplace preparedness opportunity sponsored by the Be Ready Alliance Coordinating for Emergencies (BRACE) and the EscaRosa Business Continuity Initiative. Pre-registration for the Internet based exercise is required. The Exercise can be completed in just over an hour from any Internet accessible computer on November 20.

Access the following website for additional information and to register: www.BeReadyAlliance.org

Please note: The Operation Population Placement Exercise is not a webinar. This exercise is comprehensively designed in a challenging format that follows the Department of Homeland Security's exercise design and facilitation guidelines and contains thought-proving scenarios and injects.

BUILDING RESILIENT COMMUNITIES: AN ONLINE TRAINING

The RAND Corporation developed a free emergency preparedness [online training](#) outlining how organizations and communities can better prepare for emergencies and strengthen their resilience. Resilience means:

- mitigating and withstanding the stress of manmade and natural disasters.
- recovering in a way that restores normal functioning.
- applying lessons learned from past responses to better withstand future incidents.

The training is intended for a diverse range of organizations, including businesses; faith-based organizations; hospitals, health clinics, and other health agencies; mental health providers; schools and universities; civic and volunteer groups; first responders; local government agencies; public health departments; and nonprofit agencies.

THREAT AND RISK ASSESSMENT

Local Jurisdiction • MGT-310

Texas A&M Engineering Extension Service
National Emergency Response and Rescue Training Center

This course prepares participants to conduct a jurisdictional Threat and Hazard Identification and Risk Assessment (THIRA). Participant activities focus on allowing the jurisdiction to understand threats and hazards and how the impacts may vary according to time of occurrence, season, location, and other community factors. This knowledge helps a jurisdiction establish informed and defensible capability targets. Participants will identify threats and hazards of concern, give the threats and hazards context, examine the core capabilities, set capability targets, perform vulnerability and consequence assessments, and apply the results. The course delivery combines lecture, small group discussions, participant activities, and multimedia scenarios to improve the jurisdiction's capability to prevent, protect, mitigate, respond to, or recover from all-hazards events.
