The Board then discussed the double decker bus submitted for approval. Mr. Walters asked for confirmation as to whether the bus was moveable and temporary. Mr. Duplantis explained the origination of the concept as a tailgating bus and that the intent is for seasonal use. Mr. Goulet asked about signage on the bus; Mr. Duplantis stated that it will have signage but he doesn't know what the text will be. Mr. Walters asked to define seasonal. Mr. Duplantis stated that the season runs about 100 days. Mr. Goulet asked staff if the Board could put a time limit on the approval. Staff advised that the board can do so as part of their approval. Mr. Goulet offered to allow the double decker bus to be located on the site from March 1 to October 31 of any given year and made a motion to approve as such. Mr. Woodworth seconded the motion. Ms. Epstein stated that she was concerned about placing a time frame on this project when the Board did not condition the previous hotdog vending cart. Mr. Goulet stated that he believes the hotdog cart will be removed daily and not left in the parking lot whereas the double decker bus could reasonably be parked on the site for long periods at a time. He continued to say that it could eventually resemble a derelict vehicle and become an eyesore. The Board then voted unanimously to approve the motion.

The Board then discussed the proposed sign face change associated with this project. Ms. Epstein noted that no height was given in the staff analysis. Ms. Statler stated that the information had not been provided as it is an existing sign and the applicants are simply changing the sign face. The Board then approved the sign as presented.

Ms. Statler then advised the Board of the Board of County Commissioner's discussion regarding the Navarre Town Center Plan. She noted that although the BOCC is not taking action at this time, they would like to proceed with surveys and meetings within the community through resources such as NABOR. Ms. Epstein asked the new members if they would introduce themselves; each member complied. The Board then discussed the Navarre Town Center Plan with local residents Ken Garner and Mark Conte voicing their concerns and opinions.

Mr. Walters asked for a motion to adjourn. Ms. Martin made a motion to adjourn without objection. The meeting adjourned at 3:54 p.m.
