 - Wednesday, August 26 – 5:30 pm
- Bagdad Waterfronts Partnership
 - Thursday, August 27 – 6:30 pm
- Public Meeting
 - Thursday, September 10 – 9:30 am

Public Input Session

- Harris explained the program was not funded in last year’s cycle and may not be funded in this year’s cycle; therefore, those that ranked highest in last year’s

cycle had the option to roll over their application as scored meaning that we are competing against them as well as new applications.

- Baxley questioned what types of items qualified for this grant.
 - Harris explained it is for acquisition and development of land for public outdoor recreation use or to construct recreational trails. Harris further explained pg 13 of the application stating for our region bicycle riding, hiking, nature study, outdoor swimming pool use, and shuffleboard will allow us to score additional points on the application; furthermore, Harris explained the point system on pg 27 of the application and how this application should score.
- Dorsey questioned if we could add additional items to the grant application to maximize the grant up to the \$400,000.
 - Harris responded that we have a time frame that we must complete the project in if we are awarded the grant and that she feels that we can accomplish these improvements in this time frame.

Holley introduced himself and explained that he is at this meeting to better understand the role of this committee. Holley stated the Tourist Development Council wants to assist parks in activities to increase the bed tax in Santa Rosa County.

Simmons stated the next regular scheduled meeting is September 23, 2009.

The meeting adjourned at 6:00 p.m.
