## *Purpose*

This district is designed to provide suitable areas for low density residential development where appropriate urban services and facilities are provided or where the extension of such services and facilities will be physically and economically facilitated. This district will be characterized by single-family detached structures and such other structures as are accessory thereto. This district also may include as specifically provided for in these regulations conditional uses for community facilities and utilities which service specifically the residents of this district, or which are benefited by and compatible with a residential environment. Such facilities should be accessibly located and appropriately situated in order to satisfy special requirements of the respective community facilities.

It is the express purpose of this Section to exclude from this district all buildings or other structures, and uses having commercial characteristics, whether operated for profit or otherwise, except those home occupations and conditional uses specifically provided for in this ordinance.

## *Permitted Uses*

In this district, as a permitted use, a building or premises may be used only for the following purposes: individual mobile homes located on individually owned lots of record, single family residential structures, group homes and accessory structures and facilities.

## *Density*

For mixed residential subdivision development, property may be developed at the option of the owner, from one (1) to a maximum of four (4) units per acre.

## *Lot Size*

The minimum width of any lot used for any type of dwelling unit shall be seventy (70) feet when measured at the minimum front setback line. The minimum lot width shall be maintained through the rear of the residential structure. The minimum width at the street right-of-way line shall not be less than fifty (50) feet when measured from front lot corner to front lot corner. The total square footage shall not be less than 10,890.

The minimum lot width may be reduced on dead-end cul-de-sac lots. In no case shall a lot width be less than fifty (50) feet when measured at the top of the arc of the minimum street right-of-way line. The lot width of a cul-de-sac lot shall not be less than seventy (70) feet when measured at the top of the arc of minimum front setback. The minimum width shall be maintained through the rear of the residential structure. The total square footage shall not be less than 10,890.

The dividing of a parent parcel resulting in a parcel(s) which will not possess the required road frontage may be allowed as a special exception upon determination by the County Board of Adjustments that the resulting parcel complies with the provisions listed in Section 2.04.00.C.8 of the Land Development Code.

## *Yard Restrictions*

Front Yard: Except as provided in Section 2.10.03 of the Land Development Code, there shall be a front yard on every lot of not less than twenty-five (25) feet. However, if the parcel abuts a major arterial the minimum setback shall be fifty (50) feet.

Side Yard: There shall be a side yard setback of seven (7) feet on each side of every main building when measured at the minimum front setback line for lots having widths between seventy (70) and ninety (90) feet. For lots wider than ninety (90) feet and narrower than seventy (70) feet, there shall be a side yard of no less than ten percent (10%) of the lot width to a maximum requirement of fifteen (15) feet on each side of every main building. Other modifications shall be in accordance with Section 2.10.05 of the Land Development Code. Lot widths shall be determined at the minimum front setback line.

Rear Yard: There shall be a rear yard on every lot of not less than twenty-five (25) feet, except as provided in Section 2.10.04 of the Land Development

## *Skirting*

Skirting is required around the base of all mobile homes between the ground and bottom of the structure.
