Revised September 2018

2007 Florida Statutes, 713.135(6) Application is hereby made to obtain a permit to do the work and installations as indicated. I certify that no work or installation has commenced prior to the issuance of a permit and that all work will be performed to meet the standards of all laws regulating construction in this jurisdiction. I understand that a separate permit must be secured for ELECTRICAL WORK, PLUMBING, SIGNS, WELLS, POOLS, FURNACES, BOILERS, HEATERS, TANKS, and AIR CONDITIONERS, etc.

Time limitation of application: An application for a permit for any proposed work shall be deemed to have been abandoned 180 days after the day of filing, unless such application has been pursued in good faith or a permit has been issued; except that the building official is authorized to grant one or more extensions of time for additional periods not exceeding 90 days each. The extensions shall be requested in writing and justifiable cause demonstrated.

Conditions of Permit: Every permit issued shall become invalid unless the work authorized by such permit is commenced within six (6) months after its issuance or if the work authorized by such permit is suspended or abandoned for a period of six (6) months after the time the work is commenced. Work shall be considered to be in active progress when the permit has received an **approved** inspection within 180 days.
