

SANTA ROSA COUNTY ENVIRONMENTAL DEPARTMENT

6065 Old Bagdad Highway | Milton, Florida 32583

ROGER BLAYLOCK, P.E., County Engineer
rogerb@santarosa.fl.gov

RON HIXSON, Environmental Manager
ronh@santarosa.fl.gov

NOTICE TO COMMERCIAL WASTE HAULERS

All commercial waste haulers operating in Santa Rosa County must register with the Santa Rosa County Environmental Office to utilize the county's Central Landfill. There is NO CHARGE to register, however, registration is required to meet, in part, requirements of the Florida Administrative Code, FAC, 62-701.500(4)(a), for Solid Waste Management Facilities.

The information collected will allow the county to provide commercial haulers information related to landfill operations, closures, safety issues and provide a more efficient means to correct issues dealing with billing, fees, and landfill operations.

The form can be submitted by:

U.S. Mail Santa Rosa County Environmental Office
6051 Old Bagdad Highway
Suite 301
Milton, Fl 32583

Fax 850.981.7133

Email Environmental-Dept@santarosa.fl.gov

Fillable PDF <http://www.santarosa.fl.gov/resident-services/index.cfm?Menu=59>

Failure to provide accurate information may result in delays in processing of incoming loads, correction of errors in billing and the inability of the hauler to receive important information related to landfill operations and fees in a timely manner. In addition, providing inaccurate or false information that results in underpayment to fees for disposal or recycling services may result in rejection of future waste loads. The county may request additional documentation to confirm the type and origin of each load of waste presented to disposal or recycling to meet reporting required by Florida Administrative Code 62-701.
