**CERTIFICATION;**  
 I certify that the information furnished on this application is true and accurately describes the material that is being disposed of at the Santa Rosa County's Central Landfill and that the materials is not a hazardous waste, nor does it exhibit characteristics of hazardous waste as defined by federal, state or local regulations.

Signature of Generator: \_\_\_\_\_ Title: \_\_\_\_\_  
 Print Name: \_\_\_\_\_ Date: \_\_\_\_\_

## REGULATED AND SPECIAL WASTE DISPOSAL INFORMATION

**Regulated Waste** disposal requests require review, approval, and scheduling by Environmental Department staff prior to the acceptance and may require the submittal of TCLP or other test data as determined by Staff.

**Special Waste** is any waste in which the volume or physical characteristics require additional personnel, equipment or time to complete the disposal.

**Disposal of all Asbestos and Special Wastes at the Santa Rosa County Central Landfill must be requested in advance and in writing. Any Asbestos or Special Wastes arriving at the Central Landfill without prior authorization will not be accepted.**

1. A completed and signed SPECIAL WASTE CHARACTERIZATION FORM must be submitted for approval prior to the delivery of the waste.
2. Approved SPECIAL WASTE will be accepted for disposal Monday – Friday, 7:30 a.m. to 3:00 p.m., except for **Asbestos** that will only be accepted for disposal on Thursday, 7:30 a.m. to 3:00 p.m.
3. SPECIAL WASTE will not be accepted after 3:00 p.m. or on Saturdays.
4. Disposal of all SPECIAL WASTE requires a 24-hour advance notice by phoning 850-981-7135, Monday through Friday, 8 a.m. to 3 p.m.

### 5. Disposal Requirements for REGULATED AND SPECIAL WASTE

#### a) ASBESTOS

All asbestos-containing waste must have the proper documentation available at the time of disposal, materials delivered without documentation will not be accepted.

1. Completed and signed Waste Manifest
2. The material must be properly bagged and labeled.
3. Materials that cannot be bagged, long lengths of pipe insulation, large pieces of asbestos, etc., must be wrapped in plastic sheeting and must be properly labeled and wetted down prior to delivery.

#### b) EXCLUDED CONTAMINATED WIPES

Solvent contaminated wipes must meet the conditions of the exclusions and are managed according to certain conditions, including record keeping, closed containers, labeling, an accumulation time limit, and no free liquids at the point of being sent for disposal. With the exclusions satisfied the solvent-contaminated wipes may be sent for disposal (i.e., landfilling in a municipal solid waste landfill) and are excluded from hazardous waste regulation under 40 CFR section 261.4(b)(18) and 261.4(a)(26).

1. Completed and signed Waste Manifest.
2. The generator must provide a written description of ALL listed hazardous wastes and hazardous waste characteristics that solvent wipes are contaminated with along with accumulation start date and estimated volume.
3. Wipes contaminated with solvents are limited to those defined in 40 CFR Section 260.10, only wipes meeting all criteria for the above EPA exclusions rule will be accepted.

#### c) TESTING REQUIREMENTS

- |  |  |
|--|--|
| 1. Petroleum Contaminated Soil .....     | TCLP Metals (RCRA 8), FL-PRO TRPH            |
| 2. Non-Petroleum Contaminated Soil ..... | TCLP Metals (RCRA 8)                         |
| 3. Dredge Materials .....                | TCLP Metals (RCRA 8)                         |
| 4. Domestic Sludge .....                 | TCLP Metals (RCRA 8)                         |
| 5. Sand & Grit .....                     | TCLP Metals (RCRA 8)                         |
| 6. Sand Blasting Media .....             | TCLP Metals (RCRA 8)                         |
| 7. Shooting Range Materials .....        | TCLP Metals (RCRA 8)                         |
| 8. Auto Shredder Fluff .....             | TCLP Metals (RCRA 8), FL-PRO TRPH            |
| 9. Dead Animals .....                    | No testing, 24-hour notice prior to disposal |

Regulated Waste includes but is not limited to:

- Petroleum Contaminated Soils
- Non-Petroleum Contaminated Soils
- All Soils
- Dredge Materials
- Drilling Fluids / Waste
- Domestic Sludge
- Sand & Grit
- Sand Blasting Media
- Soil or back stop material from shooting ranges
- Auto Shredding Fluff

Special Waste includes but is not limited to:

- Asbestos\*
- Mobile Homes\*
- Boats with a Beam over 8-foot\*
- Dead animals
- Oversized loads requiring to special handling
- Any waste that requires special handling, equipment, or labor, to facilitate disposal.

*\*(separate fee from other special waste types see fees below)*

## **CURRENT RATES FOR SPECIAL AND REGULATED WASTE 2020**

- Asbestos - \$230.00 per ton  
Minimum - \$150.00 per load
- Regulated Waste - \$50.00 per ton
- Special Waste - \$150.000 per ton  
Minimum - \$100.00 per load
- Mobile Homes and Boats with a Beam Over 8-Foot - \$500.00 each
  - a) Boats with a Beam Less than 8-Foot – (\$40.00 per ton)  
(Boat and Trailer must cross scales)

*\*Mobile Homes – all appliances and tires must be removed prior to disposal\**

*\*Boats – All engines, fluids, and tanks must be removed prior to disposal\**

*\*All Mobile Homes and Boats with a beam over 8-Foot must be scheduled for disposal by Environmental Department Staff prior to disposal\**

*\*\*Mobile Homes and Boats **do not** require the submittal of a Special Waste Characterization form to the Environmental Department.*
- Prohibited Waste Separation Fee - \$150.00 per hour (with a minimum of \$150.00)
- Out of County Host Fee – Applicable to all waste generated outside of SRC) - \$5.00 per ton
