Subject: Newspaper Publication Receipt
Attachments: JP Receipt.pdf

Hello Henry,

Happy New Year to you, and I hope that you are doing well.

We finally reached a the major milestone with the FDEP, as they have issued their 'Intent to Issue a Permit'. One of their requirements was for us to publish this in a Santa Rosa County publication, and we chose the Santa Rosa Press Gazette. I charged it to my American Express card, and I have attached the receipt for the publication.

If you could please reimburse me for this charge, at your convenience, I would be greatly appreciative. This is the only charge that I have ever asked to be reimbursed for in the 3-1/2 years that I have been the chairman. If you would, please make the check out and mail to:

Jeff Pate
1119 Sunset Lane
Gulf Breeze, FL 32563

If you have any questions, please let me know.

Thanks,

Jeff Pate

NOTICE OF INTENT TO ISSUE PERMIT

The Department of Environmental Protection gives notice of its intent to issue a permit to Mr. Hunter Walker, Santa Rosa County Administrator, 6495 Caroline Street, Milton, Florida, 32570, to dredge three access channels, one for each of the three interior canal entrances to the Santa Rosa Shores subdivision. Approximately 2.01 acres of seagrasses will be impacted by the project. To offset impacts that will occur from these activities, the permittee shall perform the following creation, restoration, and protection activities: Prior to dredging, the seagrasses within the impact areas of the proposed channels will be transplanted to create a 3.27 acre mitigation site located within two shallow shoal areas adjacent to the impact locations. Temporary wire mesh will be installed over the transplanted grasses to exclude sting rays and prevent bioturbation. In addition, seagrasses will be transplanted from the impact areas into damaged areas in the beds located along the proposed channels, identified as 'channel recovery areas,' for an estimated area of 0.2 - 0.4 acre. These creation and restoration activities will be paired with a seagrass protection and awareness plan.

The impacts and mitigation activities will occur at Santa Rosa Shores subdivision, Gulf Breeze, Florida in Section 32, Township 2S, Range 26W at Latitude 30° 22' 28.06" / Longitude -87° 04' 44.97" within Santa Rosa Sound, A Class II waterbody unclassified for shellfish harvesting.

The Department will issue the environmental resource permit and letter of consent to use sovereign submerged lands, unless a timely petition for an administrative proceeding is filed pursuant to the provisions of Sections 120.569 and 120.57, F.S. The actual terms of the letter of consent will be formally executed at a later date and shall include provisions for rents and such other provisions as normally are included in such letter of consent. On the filing of a timely and sufficient petition, this action will not be final and effective until further order of the Department. Because the administrative hearing process is designed to formulate final agency action, the hearing process may result in a modification of the agency action or even denial of the application.

The application file is available online and can be accessed through the Department's Information Portal at: http://webapps.dep.state.fl.us/DepNexus/public/electronic-documents/ERP_203765/ If you have any questions or are experiencing difficulty viewing the electronic application, please call Scott Casey at (850) 595-0574 or at scott.casey@dep.state.fl.us

A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, F.S. Pursuant to Rule 28-106.201, F.A.C., a petition for an administrative hearing must contain the following information:

- (a) The name and address of each agency affected and each agency's file or identification number, if known;
- (b) The name, address, any email address, any facsimile number, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination;
- (c) A statement of when and how the petitioner received notice of the agency decision;
- (d) A statement of all disputed issues of material fact, if there are none, the petition must so indicate;
- (e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action;
- (f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and
- (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

The petition must be filed (received by the Clerk) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000. Also, a copy of the petition shall be mailed to the applicant at the address indicated above at the time of filing.

Rule 62-110.106(3), F.A.C., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first. Under Section 120.60(3), F.S., however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication. The failure to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to

intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

Under Rule 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000, before the applicable deadline for filing a petition for an administrative hearing. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon.

Modification is not available in this proceeding.

The applicant, or any party within the meaning of Section 373.114(1)(a) or 373.4275, F.S., may also seek appellate review of this order before the Land and Water Adjudicatory Commission under Section 373.114(1) or 373.4275, F.S. Requests for review before the Land and Water Adjudicatory Commission must be filed with the Secretary of the Commission and served on the Department within 20 days from the date when this order is filed with the Clerk of the Department.
