**Subject:** Moving Santa Rosa Forward

Good afternoon Tony...

**Our political committee respectfully requests the opportunity to address the Board at next Monday's meeting regarding our recommendation that an Oversight Committee be formed to provide citizen oversight of the Local Option Sales Tax collections and to gauge the efficacy of the use of the funds going forward.**

**We would ask for time to give a brief explanation of our request and answer any questions that might be raised.**

Thank you for your consideration.  
Ed Carson
