Attached are two quotes for the pour-in-place that will be needed at Benny Russell. The money has already been approved in the original budget amendment, we will just need to approve the contract. I recommend we go with the lowest which is J. A. Dawson in the amount of \$47,517. We are currently working with this contractor, they are fairly local, Pelham Alabama, and we have quite a bit of experience working with this company. I will need this approved as soon as possible as we would like to order the March 7 install.
