Become a Panhandle Butterfly Tour Guide

Are you interested in educating and helping visitors gain a better understanding of butterflies, gardening, and the natural habitat in which butterflies thrive? Then you will enjoy joining our Tour Guide Team at the Panhandle Butterfly House!

Tour guides are trained volunteers who educate visitors about Florida butterflies, butterfly gardening, their importance in the ecosystem and their natural habitats. You will guide groups of mostly children on tours and school field trips on Mondays, Tuesdays or Wednesdays, usually two to three hours at a time. We team you with experienced volunteers, and continue to support your involvement by providing new, updated information when needed.

The key to being a successful tour guide is attending the free required training course. After completing the course, you will have the tools and knowledge to extend awareness of these wonderful creatures to our community and visitors. Class size is limited to ensure that we can provide individual attention and training, so advance registration for the training is required.

The next training class is Thursday, Jan. 23, 2014 from 10 a.m. to noon at the Panhandle Butterfly House. The Panhandle Butterfly House is located at 8581 Navarre Parkway (Hwy 98) in Navarre Park just west of the Navarre Bridge.

For more information about becoming a tour guide or register for an upcoming training class please email grouptours@panhandlebutterflyhouse.org. For more information about the Panhandle Butterfly House, please visit <http://www.panhandlebutterflyhouse.org>.

All programs and related activities sponsored for, or assisted by, the Institute of Food and Agricultural Sciences are open to all persons with non-discrimination with respect to race, creed, color, religion, age, disability, sex, sexual orientation, marital status, national origin, political opinions or affiliations.
