SUBJECT: Next Day Inspections

DATE: December 8, 2015

Santa Rosa County Building Inspectors are at a point where they are not be able to do all inspections next day. An employee out on medical leave and one recent retirement has created the need for staff to work overtime. Even with overtime the inspectors may need to begin carrying over certain inspections that are not time sensitive. If your inspection is carried over you will receive an email notification.

As always, please let us know if you have any questions.
